EDISS WEBINAR

With the support of the
Erasmus+ Programme
of the European Union

Partner universities

- An Erasmus Mundus Joint Master Degree Programme
- Studies at two of the partner universities
- 2-year programme - 120 ECTS credits
- 2 MSc degrees

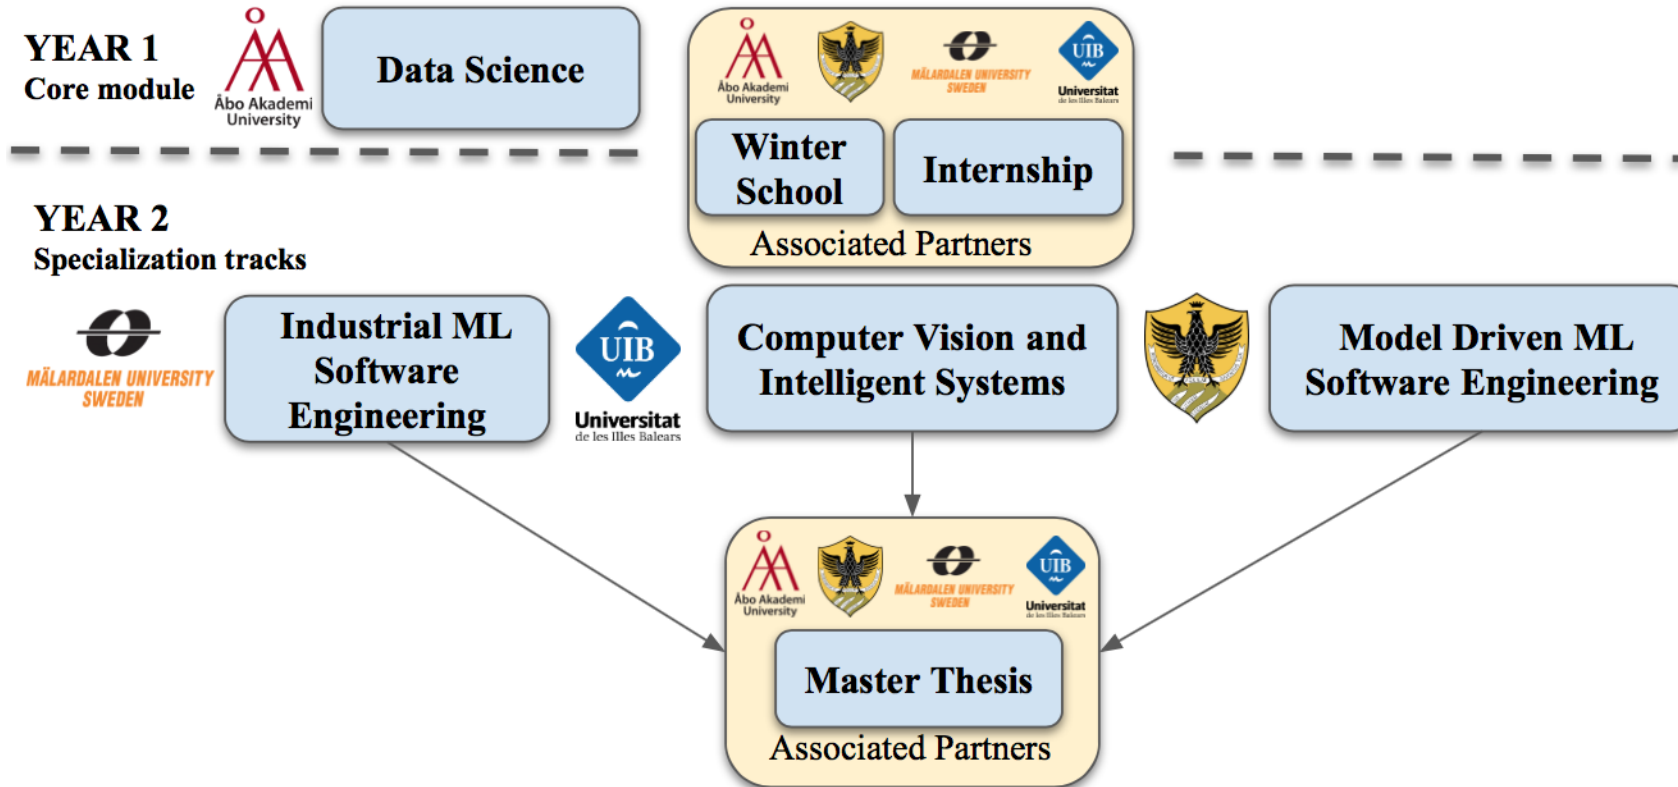

What you will learn in EDISS

- EDISS gives a holistic view of AI/ML, data science and software engineering
- Studies combine both theoretical and practical knowledge as well as project work
- Step out of your comfort zone and live in an international environment

Programme structure

- **Winter School**

- Every academic year

- **Internship**

- Minimum 2 months
- In cooperation with an associated company

Detailed list of courses:

<https://www.master-ediss.eu/index.php/first-year>

<https://www.master-ediss.eu/index.php/second-year-specializations>

Admission requirements

Undergraduate degree (at least 180 ECTS)

- *Computer science*
- *Software engineering*
- *Equivalent subject*

Admission to the programme is competitive and only the best applicants are selected.

Good proficiency in English

- *TOEFL iBT, min. score 93*
- *IELTS Academic, min. overall score 6,5 and individual score 6*
- *Exception criteria*
 - *Australia, Canada, Ireland, New Zealand, the UK, the USA, an EU/EEA country, Switzerland*

Participation costs

	Students from programme countries	Students from partner countries
Participation costs	4500 € / year	9000 € / year

Programme countries: EU member states and North Macedonia, Iceland, Liechtenstein, Norway, Turkey, Serbia, Great Britain

Partner countries: all other countries

Participation cost covers

- Tuition fees (including courses, exams, academic supervision, university support services, orientation)
- Insurance (health and accident)
- Winter school participation (including travel and accommodation costs)

Erasmus Mundus scholarships

Scholarship	Determined by	Students from programme countries	Students from partner countries
Contribution to participation costs	<i>Citizenship or previous countries of residence</i>	4500€/year	9000€/year
Contribution to travel costs	<i>Country of residence</i>	1000€/year	2000€/year if residence is less than 4000 km from Åbo Akademi University 3000€/year if residence is 4000 km or more from Åbo Akademi University
Contribution to installation costs	<i>Country of residence</i>	–	1000€
Contribution to subsistence costs (max 24 months)	<i>Citizenship and Country of residence</i>	1000€/month	1000€/month
Total		35 000€ over the 2-year programme	47 000€ or 49 000€ over the 2-year programme

We expect to award 25 EMJMD scholarships for the 2023 intake.

Talent Boost scholarships

Talent Boost scholarships offered by the Faculty of Science and Engineering at Åbo Akademi University will be available for the first time in this upcoming application round

The students receiving TalenBoost scholarship will do their internship and their master thesis in a Finnish company.

Scholarship	Students from programme countries	Students from partner countries
Contribution to participation costs	4 500€/year	9 000€/year
Contribution to subsistence costs (max 24 months)	500€/month	500€/month
Total	21 000€ over the 2-year programme	30 000€ over the 2-year programme

Selected applicants on the waiting list for an Erasmus Mundus Scholarship will be proposed for the Talent Boost Scholarship.

Application period with scholarship

01.11.2022-02.01.2023

1. Check the academic and English language requirements

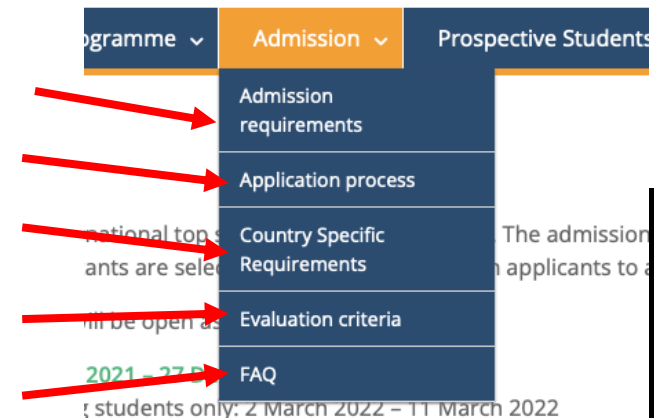

2. Prepare your application documents

3. Apply online at Studyinfo.fi within the deadline

5. Admission results are published by March 2023

6. Verification of original documents upon arrival in Finland

Check out carefully all pages of the Admission section on EDISS website

available on the Studyinfo.fi portal when the application

Admission Schedule (with scholarship)

- Application with scholarship open until **02.01.2023 3PM EET (Helsinki time)**
- Deadline to update enclosures to **submitted** application **9.01.2023 3PM EET**
 - Allocate time to upload your enclosures! Uploading your video might take a lot of time!
- Admission results by March 2023
 - Student awarded a scholarship will have 7 days to accept the offer
- Deadline to send documents (degree and transcripts, translations) for conditionally admitted students: 28.07.2023
 - Apply only to students that didn't graduate by the application deadline
- Verification of original documents: upon arrival in Finland in August 2023
 - For admitted students only
- Start of the studies at Åbo Akademi University! August 2023
